

HORNSBY HOUSE SCHOOL

NUT-FREE POLICY

CH and Co Education partnership with Hornsby House School operates a Nut-Free Policy.

It will never knowingly use products that contain nuts.

It is clear, however that more and more products are now containing the warning:

‘This product may contain traces of nuts.’

It has been agreed that CH and Co can continue to use these products with the proviso that nuts are not contained in the ingredients lists. CH and Co will not use products which carry the warning:

‘Produced on a conveyor belt which handles nuts.’

Food Brought into School from Home

Some pupils suffer severe allergic reactions to nuts.

For the safety and wellbeing of all the children, the School does not permit any child to eat snacks in the playground brought on site by an adult. Snacks at all times in the school day must be eaten off-site. All food for school trips, snacks for after-school clubs etc will be provided by the School’s caterers.
